kunuz Al Jannah(Treasures of paradise)

Preface

The author of this book have written these salawats and duas which was revealed to him due to his intense love and respect for allah ta'ala and for the holy prophet ﷺ and for the awliya allah.

The author wants everyone to give credit to allah and to holy prophet rasoolallah ﷺ and to the mashaykhs of naqshbandi tariqah and to all the other awliyas

living on this earth who are constantly inspiring us all and protecting us from the fitan of the last days.

The author would like you all to respect this book and take great care for it because this book holds the secrets to heavens..ie..**paradise**. If the reader is unable to read all the salawats in one reading he must do what his beloved shaykh **Mawlana Shaykh Hisham** said, "If you cannot recite (them all) say, Ya Rabbi nawayna mithla maa nawa Mawlana Shaykh, "O Allah! As Mawlana Shaykh made intention we are making the same intention!" and it will be as if you have read all of them. That is the easiest way, to say, "As Mawlana made intention, we do the same intention," and that is the way of awliyaullah!

The author request you all to give your highest respect to almighty allah and then give respect to rasoolallah صلى الله عليه وسلم by standing as Maulana shaykh nazim used to do it always in his sohbet and discussions.

The author kindly requests you all readers to pray for him and for the ummat ul muslimah so that all of us can receive rahmah and blessings of allah subhanawata'ala.
